

Group Exercise: Privacy Policies

Group members:

Section (circle one)	12:30pm	2:00pm
-------------------------	---------	--------

- (1) Write down the website / app for which you reviewed a privacy policy.

- (2) Briefly describe the nature of the website or app, including services or information it offers. What information does it collected about users?

- (3) Does the policy describe *how* information is collected from users? What are the apparent transmission principle(s) (e.g. consent, notice, reciprocity, legal requirements, confidentiality, commercial, etc.)?

- (4) Does the policy specify the types of information it shares with **third parties**? If so, what are they? Does it specify principles for sharing?

(5) Does the policy mention **location information**? What kind of location information is collected? Does it share location data with third parties?

(6) Does the policy specify how long information is held? Is it ever deleted? If so, when? How often does the privacy policy change?

(7) How long is the privacy policy?
